## REMARKS

*The Pending Claims*

Claim 42 has been amended and Claims 58 and 61 have been cancelled. Thus, Claims 42-57, 59-60 and 63-66 are currently pending in the application.

*Summary of the Office Action*

Claims 42-61 and 63-66 were rejected under 35 U.S.C. 112, second paragraph, as being indefinite.

Applicants have added the recitation that the base textile is woven or knit to claim 1. Claims 58 and 61 have been cancelled. Additionally, density and its definition have been added and clarified. Lastly, the recitation of wherein the flat regions and puckered regions are formed by subjecting areas of the base textile to hot fluid streams has been added to claim 42. Applicants respectfully believe that these amendments cure the 112 rejection.

*Conclusion*

In view of the forgoing amendments and remarks, the Examiner is respectfully requested to withdraw the outstanding rejection and to pass the subject application to allowance. In the event that the Examiner believes that the claims would be allowable with minor changes, the Examiner is invited to telephone the undersigned to discuss an Examiner's Amendment.
